EXPERIENCE

New to the IT industry; enrolled in Kathford International College of Engineering and Management in bachelor of computer application(BCA) program. I've worked on research, case studies, and small college projects. I'm eager to start my professional career as an IT student and contribute my knowledge to an energetic IT team. I am willing to learn, adapt, and contribute to the success of a creative firm.

EDUCATION

Degree/Grade	Institution	Score
SEE	Hetauda Academy	3.35(2073)
+2 Science	Hetauda School Of Management and Social Science	3.11 CGPA (2075)
Bachelor in computer application	Kathford International College of Engineering and Management	Currently in 7th semester.

PROJECTS

As a semester project in my second year, I created an e-commerce website for the sale of paintings and drawings using php, html, css, bootstrap, and javascript.

I created a pet shop where food, clothes and accessories of pets are sold using WordPress for a 5th semester minor project.

For my third-year project, rescue and adoption of dogs project using html, bootstrap, mysql, javascript and php.
